Customer Comments	Recommendations
My bus has been sitting for a long time (about 3 years). I got it running this week, but it's not running great. I want to get it mechanically running well and be sure it's safe - and have your team's professional opinion on the priorities to get done so I may budget for an eventual full restoration/upgrade. Last week I purchased a new battery (the tray is rusted). I am also including a new oil gasket and fuel line. I will have it towed to you when you let me know it's okay to do so. Thank you! - Kurt	Authorized- + Multi Point Inspection

[2023] Multi-Point Inspection	
Description	Subtotal
1 Perform Multi-Point Inspection & Road Test When Applicable	\$356.25
May include small repairs to identify potential issues and recommend a course of action.
